Guests: Justin Murry

Mr Murray brought some concerns of his home property next to the Village Park. He stated that the park driveways, that are dirt, are blowing up dirt and dust onto his property. It is worse now because of the Park Baseball program and there are many cars going in and out a few nights a week in June and July. He claims it is causing damage inside and outside his home. He has concerns as his child is asthmatic. Most nights they have to close all windows to prevent the dust from coming in. Mr Murray presented photos showing the dust in and around his home. He asked if the Village would be willing to pave the driveway and he would possibly help with the cost. The Board will discuss further and try to find a solution.
